

North Central Health Care

Person centered. Outcome focused.

Enrollment for Services from North Central Health Care

Dear Guardian / Parent,

North Central Health Care's services are continually evolving to meet the changing needs of our community. We offer programs that provide mental health and substance abuse support in community, home and workplace settings. Due to the successful collaboration with school districts in our area, we are pleased to also offer care and support for adolescents and children in a school setting.

You will find information enclosed about the licensed professional counselors that are available to deliver care and support to your child within their school setting. Appointments can also be attended at North Central Health Care Outpatient Services, 1100 Lake View Drive in Wausau. All information that is discussed with our licensed professional counselors is confidential and will not be shared with the school district, regardless of the location selected for services.

This packet also includes forms for you to review, sign and return to your child's school guidance counselor or social worker to coordinate services with North Central Health Care's Enrollment Team. These forms will need to be completed and signed prior to any services being scheduled. We have also included brochures regarding the Rights of Children and Adolescents in Outpatient Mental Health Treatment, Clients Rights and Privacy Practices, which are yours to keep.

If you have any questions about treatment services or about the forms enclosed, please contact North Central Health Care's Outpatient Services at 715.848.4356.

Thank you,

Enrollment Services
