WEEKLY CONNECTION WITH MICHAEL LOY

Warm Water Therapeutic Pool Capital Campaign is Making Waves

In late September of last year, the Marathon County Board approved $3M in capital funding to build a new Warm Water Therapeutic Pool contingent on the Capital Campaign Committee raising $3M by March 1, 2018 in pledges of community support. The County permitted the $3M from the community to come in the form of cash or in-kind donations. The Pool Capital Campaign Committee (Steve Anderson, Michael Loy, John Robinson, Brenda Budnik, Debbie Osowski, Jessica Meadows, Mary Ann Dykes and Anne Flaherty) went to work in earnest in October and have been busy over the last three months. With just over 45 days to go, I am happy to report that our campaign has eclipsed the two-thirds mark and we have less than $1 million dollars to go to hit our $3 million dollar target by March 1, 2018. We have a number of pending requests out that we are waiting on but we will also continue to need the participation of our entire community to get there.

Here’s your opportunity, and be sure to spread the word! Next week we will be releasing a press release to fuel up for our final drive for community support in the form of individual donors. Thus far, we have had 422 individuals pledge support to the campaign for a total of $167,221 in pledges with another $8,500 coming from the Pizza fundraisers and bake sale put on by Warm Water Works. These efforts were important because they secured the $25,000 match challenge by an anonymous donor for the first $50,000 raised in individual pledges. Therefore, this part of the campaign has now turned $50,000 into $75,000. There is still time to get involved to make this dream of a new pool a reality in 2018. The same matching donor for 2017 has offered to do the same in 2018 but instead will now match an additional $50,000 for the first $100,000 in individual donations (under $5,000 each) raised in 2018. If you donate $50, it then becomes $75 in support for the pool or if you donate $100 it becomes $150 in support for the pool, you get the idea.

These are truly exciting times for our organization, our community, and most importantly all the people we serve in the pool today and over the next 30-40 years. Please consider diving in before March 1, 2018 so you can be part of this amazing public/private project here in Marathon County.

Make it a great day,

Michael Loy

MANY THANKS!

I’ve been to many different mental health out patient offices and none have been as helpful as all of you at NCHC. Criticism is so prevalent these days, that gratitude is rarely expressed. I believe, not expressing gratitude is like wrapping a gift & not giving it.

So I wanted to thank all of you from the bottom of my heart. For the patience, kindness, caring & positive attitudes. No beauty shines brighter than that of a good heart. It makes all the difference for patients to feel I be treated like people who matter.

BREAKING NEWS FROM CCITC

Hardware Bugs Found in PC’s

Computer researchers have recently found out that the main chip in most modern computers the CPU has a hardware bug. It’s really a design flaw in the hardware that has been there for years. This is a big deal because it affects almost every computer on our network, including your workstation and all our servers.

This hardware bug allows malicious programs to steal data that is being processed in your computer memory. Normally, applications are not able to do that because they are isolated from each other and the operating system. This hardware bug breaks that isolation.

So, if the bad guys are able to get malicious software running on your computer, they can get access to your passwords stored in a password manager or browser, your emails, instant messages and even business-critical documents. Not good.

So, What Are We Doing About This?

We need to update and patch all machines on the network. This is going to take some time, some of the patches are not even available yet. In the meantime, we need you to be extra vigilant, with security top of mind and Think Before You Click.

Thank you for your continued attention to keep our environment secure. CCITC Helpdesk, 715-261-6710

POLICY UPDATES

Our New Policy System Has Arrived for 2018

Beginning in January 4, 2018 NCHC has converted to a new policy system called myPolicies. The icon on your desktop will look exactly the same, however when you click on it, you will be taken to myPolicies online. The system has advantages for NCHC: more robust and easier search function as well as only one login is needed to use the system. You login information will be identical to your system login, so there will be less things passwords to remember. Watch for training modules on HealthStream.

Some key points about myPolicies:

- Staff will continue to access policies and procedures by clicking on the same icon as they are accustomed to (see right).
- Once your click on the Policies and Procedures icon, all employees will be required to sign into the system by inputting their username upon first login. Their username will be their norcen.org email address (example: jsmith@norcen.org) and network password. **This is the same password credentials used to log into their computer.
- When logging in for the first time, all employees will have multiple tasks to complete on their home screen.
- These tasks will be asking them to “acknowledge” each document.
  - The documents they will be asked to acknowledge are either “Policies” which relate to the whole organization or “Procedures” which are department specific.
  - Please be aware that “Medical Staff” policies will show up for acknowledgment for employees. This is due to regulatory reasons.

All employees will need to acknowledge each policy listed in their tasks by January 31, 2018.

Below is a step-by-step screen shot to be utilized by employees when logging in for the first time.

**NOTE:** If you are not seeing the same screen as the one listed on the screen shots below, please reboot their computer one or two times to allow the change to take place.

**NOTE:** All staff will continue to receive a notification via e-mail from no-reply@mypolicies.com titled “myPolicies: Action Required - Document Acknowledgment” until they have acknowledged all documents.

*If you have any questions regarding the system integration or need assistance, please contact Katlyn Coles, at kcoles@norcen.org or 715.848.4422.

LOGGING INTO myPOLICIES

Step 1: Select “Policies and Procedures” tree icon on desktop

Step 2: Login to system, username is your norcen.org email address (example: jdoe@norcen.org) and network password **This is the same password credentials used to log into your computer.

Step 3: Select “myPolicies” icon on webpage (See Figure A)

Step 4: View home screen and select “Action Required” to acknowledge all documents (See Figure B)

Step 5: Select each policy, review the policy then select “Acknowledge” to complete the task (See Figure C)

Step 6: After acknowledging the document you will automatically return to the home page to complete all additional tasks requiring acknowledgment.

*If you have questions or need help accessing myPolicies please contact Katlyn Coles in Administration at kcoles@norcen.org or 715.848.4422

**EXERCISE REWARDS**  
Error Now Fixed in Sign-Up Process

There was a slight delay with loading the eligibility for North Central Health Care employees with Exercise Rewards (the fitness reimbursement program for 2018). If you tried previously to set up your account but were unable to please try again as we have received confirmation that the eligibility is now in Exercise Rewards’ system.

There are (3) ways to track your fitness center visits once you have registered an account with Exercise Rewards at [www.ExerciseRewards.com](http://www.exerciserewards.com):

1. Automated—More than 5700 contracted fitness centers or exercise centers across the country can automatically send each member’s fitness utilization to ExerciseRewards on behalf of the member. Members don’t have to do anything else, except the initial fitness center sign-up process.

2. ExerciseRewards CheckIn! Mobile app—Allows members to submit their fitness visits right from their phone or tablet. When members check in at the fitness center, GPS tracks how long members in the fitness center and submits the time spent to Exercise Rewards when members check out.

3. Manual—Members can choose to manually log their visits on paper and submit to ExerciseRewards. Fitness Centers will need to sign off each time a member visits the center to verify their use. You can also submit a fitness club printout showing the dates of your visits with your completed visit submission form. Submission Forms are found on the intranet in the Benefits Information in Human Resources section of the site. You can download or print forms from there.

If you visited a participating fitness center since 1/1/18 and were unable to register with ExerciseRewards rest assured that those visits will still count towards your 10 visit requirement for the month of January. You can report those visits using the Manual method as outlined above in #3. The manual submission form is attached. You can submit those to Exercise Rewards directly or you can send those visits to via email to diane.stroik@aspirusarise.com. Please note that you will need to register for an Exercise Rewards account in order for those visits to be applied to your account for January.

Go to the NCHC Intranet for more information and forms! Click on Human Resources > Benefits Information
