# DEMENTIA CARE SKILLED NURSING

## **Mount View Care Center** **Providing 24-hour Skilled Nursing Care**

The key to providing outstanding dementia care is establishing personal, trusting relationships between staff and each individual. We believe every person living with dementia can enjoy a full and rewarding life.

**At both of our nursing facilities we support all levels of dementia care offering treatment and therapy designed around the specific needs of those living with dementia.**

We match each resident to an environment that not only suits their level of care, but also their personal preferences.

High staff to resident ratios allow us to take a personalized approach and stimulate abilities in a comforting, supportive manner.

- Community outings such as sporting events, seasonal ventures, museum visits & fishing
- Spiritual growth & regular worship services
- Social events & activities
- Seasonal festivities & holiday celebrations

We have been recognized by state and national organizations as a leader in dementia care innovation.
