

Counseling In Schools Program Goals

- Provide individual mental health services to children and adolescents in a school setting
- Reduce barriers for treatment by reducing time students/parents miss from classes or work due to travel to appointments
- Increase accessibility for appointments
- Provide options for appointments at school or NCHC Outpatient Services

For more information, questions, or referrals, please contact North Central Health Care Outpatient Services:

Equal Opportunity in Service Delivery Policy

No otherwise qualified applicant for service or program participant shall be excluded from participation, be denied benefits, or otherwise be subject to discrimination in any manner on the basis of race, color, national origin, age, sex, sexual identity, sexual orientation, religion, political beliefs or disability. No employee or other person shall intimidate, threaten, coerce, or discriminate against any otherwise qualified individual for the purpose of interfering with any right or privilege secured under one of the applicable civil rights laws, or because they have made a complaint, testified, assisted, or participated in any manner in an investigation, proceeding or hearing under one of the applicable civil rights laws. This policy covers eligibility for access to service delivery, and to treatment in all of the programs, services and activities. All employees are expected to support the goals and programmatic activities relating to nondiscrimination in service delivery.

North Central Health Care

Person centered. Outcome focused.

Counseling In Schools

North Central Health Care offers a state-certified outpatient clinic that provides a variety of outpatient mental health and substance use services, including counseling and therapy to children and adolescents in a school setting.

Each child's treatment and recovery is unique to their situation. North Central Health Care utilizes a variety of treatment modalities available for a variety of diverse situations. Care is delivered by a professional, experienced team of providers who specialize in care for children and adolescents.

Specialized Support & Treatment Solutions

Support and treatment solutions need to be as unique as the people they serve, which is why North Central Health Care takes a person centered approach to the care that your child receives.

Support and treatment is provided for a multitude of diverse situations including:

- Anxiety
- Depression & Mood Disorders
- Addiction
- Grief & Loss
- Major Life Changes
- Bullying
- Abuse/Trauma
- Relationship Challenges
- Personality Disorders
- Behavioral Disorders

Mental health care through Counseling In Schools provides care and treatment in a manner that is most appropriate for each child's individual situation.

Confidential and Professional

All information discussed with our licensed professional counselors and therapists is confidential and will not be shared with the school district, regardless of appointment location.

All scheduling, appointments and coverage is handled directly through the North Central Health Care Outpatient Services. Parents are responsible for child's enrollment.

North Central Health Care therapists will travel to various school districts for appointments. They will meet in a selected location within the school that protects each child's right to privacy while providing a comfortable healing environment. NCHC currently offers services in the following School Districts:

- **DC Everest Senior High – Grades 10-12**
- **Mosinee Elementary, Middle and High School – Grades K-12**

North Central Health Care's services are continually evolving to meet the changing needs of our community, and are offered in a variety of formats designed to best meet the needs of each person we serve.

If you would like to speak to someone about care options, would like more information, or want to schedule an appointment, please call
