WEEKLY CONNECTION WITH OUR TEAM

SUMMER TIME!

Summer is a great time of the year to enjoy the outdoors, at NCHC we have excellent walking paths and scenery to enjoy! You will notice a number of areas on our Wausau Campus will be impacted by construction, this is temporary with most areas opening back up before you know it.

In addition, construction on what was MVCC has begun with anticipated completion in July 2023. This phase is our final building phase with parking lots and landscaping to wrap up our mater facility plan that began in 2019! Besides construction we are also

welcoming back food trucks for 2022 and The Bistro is adding an ice cream machine to its menu selection.

Enjoy your summer and safe travels to anyone venturing out for a weekend up north or out of state!

Star of the Month

CONGRATULATIONS BETTE LLYOD!

Bette Llyod is our June Pine Crest Star! She works as a RN at Pine Crest. She is a hard worker and constantly on the move. She stays on top of things and always knows exactly what's going on with her residents and their routines and preferences. She goes out of her way to do special things to make them smile such as get them seeds to set them up with their own garden space. She volunteers for extra duties such as being charge nurse or testing people for COVID. She is a great team player, willing to help in anyway she can, and has excellent communication skills. She is reliable and has a big heart. She is also a support nurse as well, and assists management with various other new duties she is not usually accustomed to during a time of management transition. Her support and professionalism makes her a star! We feel blessed to have her on our team and are so grateful for her hard work!

Why: "Dane assisted me with my authenticator app and getting into my e-mail. My lack of technology- knowledge required her to walk me through step by step, often times she needed to explain in detail each step, she did so with patients, kindness, coaching me and offering support when I was about to give up. Thank you so much for being such a great resource to all of us!!"

TIP OF THE WEEK: SCREEN TIME AND CHILDREN: HOW TO GUIDE YOUR CHILD

Managing your child's screen time takes effort. Find out how to ensure quality screen time and set limits. With screens virtually everywhere, monitoring a child's screen time can be challenging. To complicate matters, some screen time can be educational and support children's social development. So how do you manage your child's screen time? Here's a primer on guiding your child's use of screens and media.

- **Developing screen time rules** The American Academy of Pediatrics discourages media use, except for video chatting, by children younger than 18 months. If you introduce digital media to children ages 18 to 24 months, make sure it's high quality and avoid solo media use. For children ages 2 to 5, limit screen time to one hour a day of high-quality programming. As your child grows, a one-size-fits-all approach doesn't work as well. You'll need to decide how much media to let your child use each day and what's appropriate.
- **Set limits for older children**
- **Establish clear rules and set reasonable limits**
- **Encourage digital literacy**
- **Teach appropriate behavior**
