

A Weekly Update For The Employees of North Central Health Care

Saying Goodbye to Gardenside

# NEWS YOU CAN USE

## WEEKLY CONNECTION WITH RENEE KRUEGER

As we come off of the July 4th week, it has not been lost on me the number of staff who spent their holiday week not on a boat, not watching fireworks, not camping...but instead spending their holiday at work serving others and picking up extra shifts or pulling on-call. In a world where you can choose to do anything, I often think about what motivates someone to choose a profession that requires odd hours, mandatory overtime, and the potential to face crisis and loss daily.

Regardless of what led you on this path, here you are. Working the front line or behind the scenes. You sacrifice your own vacation, holidays, and time with your family to be there to help others. In the words of Florence Nightingale,

*"I am of certain convinced that the greatest heroes are those who do their duty in the daily grind of domestic affairs whilst the world whirls as a maddening dreidel."*

I keep circling back to the answer for servant professions: *it is a calling that drives you to live a life of purpose.* Your life and purpose is more than your job, but each of you have a job that is purposeful. Whether those you serve understand the extent of your sacrifices... you do...and you continue to show up because you have insight as to how important you are to this job. Thank you for all you do every day and the sacrifices you make!

## PINE CREST RECEIVES 5-STAR RATING FROM CMS FOR OUTSTANDING CARE AND SERVICE

North Central Health Care is proud to announce that Pine Crest Nursing Home has been awarded a five-star rating by Centers for Medicare & Medicaid Services (CMS). This remarkable achievement reflects the nursing home’s unwavering commitment to delivering top-quality care, ensuring the safety and well-being of its residents, and maintaining the highest standards of service excellence.

*“The five-star rating is a testament to the tireless efforts of our dedicated team at Pine Crest, who work diligently day in and day out to provide compassionate and person-centered service to each resident. Achieving a five-star rating is a significant accomplishment, as it signifies that Pine Crest consistently meets or exceeds the highest standards in every aspect of care provision.”* – Gary Olsen, Executive Director of North Central Health Care

CMS created the Five-Star Quality Rating System to help consumers, their families, and caregivers compare nursing homes more easily and to help identify areas about which you may want to ask questions. The Nursing Home Care Compare web site features a quality rating system that gives each nursing home a rating of between 1 and 5 stars. Nursing homes with 5 stars are considered to have much above average quality and nursing homes with 1 star are considered to have quality much below average. There is one Overall 5-star rating for each nursing home, and separate ratings for health inspections, staffing and quality measures including overall resident satisfaction.

*“We are thrilled to have received a five-star rating, which reflects our team’s commitment to delivering exceptional care and service to our residents and community. Our dedicated team of healthcare professionals, including our compassionate nurses, skilled caregivers, and support staff, are the backbone of our success. Their expertise and commitment to our residents’ well-being are truly commendable.”* – Ryan Hanson, Pine Crest Nursing Home Administrator

Pine Crest takes immense pride in fostering a warm and nurturing environment that promotes physical, emotional, and social well-being for its residents.

### RECENTLY CHANGE YOUR NETWORK PASSWORD AND NEED HELP LOGGING INTO UKG?

#### Here’s Some Help!

For network security, employees are required to change passwords at regular intervals. With our current systems and UKG, we are allowed to use something called Single Sign-On (SSO). SSO is a system that allows you to use one set of login credentials to access multiple websites or applications. Instead of remembering multiple usernames and passwords, you log in once with a central SSO service. This service verifies your credentials and generates a token that grants you access to other sites without additional logins. SSO simplifies the login process, saves time, and improves security by reducing the number of credentials to manage.

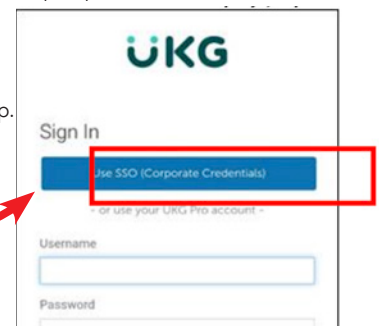

When you change your network password, all the applications that utilize SSO, such as UKG, will also have an updated password needed when you log in outside the SSO system (like on your phone or non-network computer).

1. **VERY IMPORTANT:** When you change your Network password, use the new password for the SSO sign in on your desktop or phone.

- 2. **Mobile APP**
  - After you have set up UKG via the desktop icon, you can then set up your Mobile App.
  - Install the UKG app
  - Facility code: nchc1

When the screen below displays, tap the blue bar – **Use SSO**

Enter your norcen.org email and your Network password.

### CYBERSECURITY REMINDERS IT Security Is Everyone's Responsibility.

Our NCHC and CCITC teams have recently reported an increase in cybersecurity threats, specifically an increase in email scams, spams, and phishing attacks. While we have important safeguards in place such as multi-factor authentication, it's important that we all remain vigilant and properly address any suspicious emails. IT security is everyone's responsibility and we each need to do our part to keep our systems secure.

Please take a moment to review the information below. This quick reference guide is a great refresher for us all on steps we can take in our daily work when we receive suspicious emails. As always, if you receive a suspicious message and you aren't sure what to do, please reach out to the IT Help Desk at 715-261-6710 for assistance.

If you are interested in additional information on cybersecurity safety, please visit the CCITC Intranet page.

### NCHC PHARMACY WANTS YOUR PAPER GROCERY BAGS Can You Help?

Pharmacy is in need of clean used paper grocery bags. If you have any bags you can donate, please place them in interoffice mail to the Pharmacy or drop them off at the Pharmacy or Guest Services Desk. Thank you!

### Don't Take the Bait!

Follow these quick and easy steps to protect yourself and our technology systems against phishing attempts.

#### Carefully examine the email:

- **Look closely at the sender's email address**
  - We tag emails from outside our organization as [EXTERNAL].
  - We also tag suspected SPAM emails as [BULK] or [MARKETING].
- **Check that the sender's email domain matches their company name.** Legit companies don't use gmail or office.com accounts.
- **Never click on links from emails** – always open your browser and go to the site yourself by typing it in or using Google to check it.

#### Recognize the red flags:

- Misspelled words and poor grammar
- Requests to verify your password or account
- Unsolicited attachments
- Impersonal greetings (not greeting you by name)

#### When you receive a suspicious email:

- **Do not open any attachments**
- **Delete junk mail without opening**
- **Block spam messages** by right click on the message without opening it, select "junk," then "block sender"
- **Do not click unsubscribe** unless you are sure you subscribed
- **Do not reply to or forward the email.**

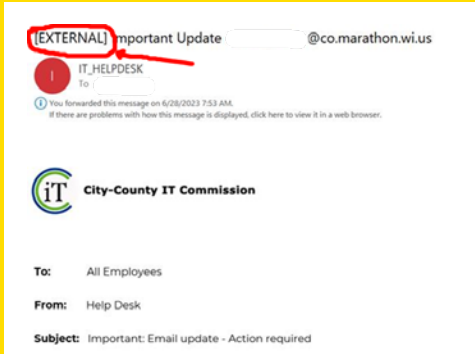

### CCITC CYBERSECURITY ALERT - PLEASE READ IMMEDIATELY!!!

An email may have arrived in your inbox recently that appeared to have come from the CCITC Helpdesk. This email was a Phishing email and did not come from the CCITC helpdesk. Emails from the Helpdesk will NEVER be tagged as [EXTERNAL]. The email was very targeted.

If you received the email: **DO NOT CLICK ON THE LINK CONTAINED IN THE EMAIL.** Delete the email.

If you clicked the link and entered any information, please call the HelpDesk for remediation immediately: 715.261.6710 or x6710.

Below is an example of the spam email. Note {EXTERNAL} in the subject line.

## WAUSAU CAMPUS RENOVATIONS UPDATE Month of July 2023

### Employee Health & Wellness Center - Construction Notice

- During the month of July, the Employee Health & Wellness Center on the Wausau Campus will have some sidewalk and parking lot renovations taking place. The clinic will remain open during its regular operating hours, even through construction. Parking in some areas may look different if you arrive for on-site clinic services. As they replace sidewalks, you may need to temporarily use an alternate outside entrance to the facility from Parking Lot F, as you arrive for clinic appointments. Please proceed with caution in these areas and arrive for appointments early in the event you need to reroute your walking path.
- As an alternate entrance, we recommend that NCHC employees use the interior entrance for the clinic during July. Enter at Door 23 Outpatient Services, turn left and walk past our Administration Offices down the link hallway, through an employee badge entrance door and follow the hallways until you come to the Employee Health & Wellness Center. All badged entrances allow NCHC staff to get to the on-site clinic during its regular business hours. Please use the map below to help with your navigation.

## WAUSAU CAMPUS RENOVATIONS UPDATE Month of July 2023

### Crisis Center Entry Changes for July 2023

- In July, construction fences will change, affecting visitor and employee entrance to the Crisis Center. All access for visitors and employees will be to follow green path in map below around the backside of the Lakeview Professional Plaza. Crisis Visitor Parking ONLY will be behind the Laundry Facility in the Lake View Professional Plaza with a walking path to the Crisis Center Entrance.
- Employees who work in BHS or CRISIS are REQUIRED to park in Lot G or H. You can enter/exit building at the old loading dock at Door #50 designated on the map. Give yourself extra time to see where you need to go. You may also park in Lot H and walk around the outside of the Lake View Professional Plaza as well (marked in green on map).
- For safety reasons, employees will not be allowed to enter through the new loading dock area. Signs are marking all entrances and exits to assist you with where to go. Please see map below.
- We anticipate these changes to last 4-6 weeks. If you have questions, please speak with your manager. VISITORS/EMS/Law Enforcement FOLLOW THE GREEN PATH BELOW TO ENTER/EXIT CRISIS CENTER

PHOTOS OF THE WEEK

## SAYING GOODBYE TO GARDENSIDE

In July, demolition of the Gardenside Crossing building began. In construction and maintenance language, the unit was referred to as C-wing. But to everyone else, Gardenside Crossing was "HOME". Gardenside was a place for individuals and families to receive amazing dementia care support and services from exceptional employees who care deeply about our residents.

While we are sad to see the building go, our memories do not lie in the bricks and mortar that are being cleared away. Our memories are in the Legacies by the Lake that were created, the care that was provided and the bonds that make us all stronger. Our work continues in the new Mount View Care Center that overlooks our Wausau Campus.

The site of the former Gardenside building will be cleared over the next several weeks and prepared for its new view of the horizon. A larger parking area and much improved approach to the new Crisis Center will be made. Construction is expected to be complete on the parking lot in Fall 2023.
