Attorney General Kaul Visits NCHC

This past week, we hosted Wisconsin Attorney General Josh Kaul here at North Central Health Care. Following a quick tour, we were joined by a number of our community partners for a roundtable discussion. The Attorney General was interested in visiting NCHC to learn what we are doing here and out in the community. It was a very positive visit. Two of our Board Members, Theresa Wetzsteon and Ben Bliven participated in the discussion along with representation from the Wisconsin Hospital Association, Brad Karger - Marathon County Administrator, Matt Barnes - Wausau Police Department and Chad Billeb - Marathon County Sheriff's Office.

What an honor it is to be recognized as an example to learn from because of the approach we are taking here at North Central Health Care. This would not be possible without the members of our NCHC team and the incredible work you do day-in and day-out. This is a great moment in time to take pride in NCHC as we continue to see our Vision come to life here in our communities and in working toward being a beacon for others to follow. AG Kaul asked great questions and was impressed with the success NCHC has achieved in recent history. He let us know that we will be used as a resource and example as he travels to other areas of the state that are also working on finding solutions to similar problems in their communities. His goal is to implement policies that support and expand access to treatment as well as encouraging community partners to connect with one another to improve each community's mental health system. The visit ended with local news and radio interviews about the topics at hand and reasons for the trip to North Central Health Care. Below are links to the media coverage.

<https://www.wjfw.com/stories.html?sku=20190625185519>

Educating our community, state and local officials about the issues we all share and experience on a daily basis, helps us approach solutions from different angles. No one single entity will solve these issues on their own, but all of us working together will make a difference. We were happy to host the event and

keep the discussion at the forefront as we look to tackle this important challenge and enrich and fulfill lives in Central Wisconsin.

Make it a great day,

Michelle

For law enforcement/safety/courtroom professionals, recovery coaches, social workers, public healthcare and behavioral health professionals, students, concerned loved-ones and community members.

OVERCOMING ADDICTION *Together*

WORKSHOP 2

Building Resilient Families and Communities: Moving Beyond Trauma/ACEs and Addiction

July 18 | Wausau (NTC) or July 19 | Rhinelander (Nicolet College)

WELCOME OUR PROGRAM YEAR 3 PSYCHIATRY RESIDENTS Event Held This Week to Present White Coats

As tradition follows here at NCHC, this past week the third wave of psychiatry residents were donned their white coats in a ceremony and dinner at Peking Restaurant in Wausau. The residents were joined by community partners, faculty and NCHC staff to welcome them to Central Wisconsin and celebrate their arrival. Brittney Harding, MD, Luba Kats, DO and Kirubel Woldemichael, MD were welcomed with a warm reception lead by Medical College of Wisconsin's Dr. Edward Krall.

Dr. Steber, Dr. Butterworth and Dr. Zimany presented an award to Dr. Sweet for Teacher of the Year for exemplary contribution to both the professional and personal development of the Medical College of Wisconsin Psychiatry Residents. Dr. Sweet was unable to attend, but the team wanted to share a photo (above) sharing their appreciation.

We welcome our residents with open arms and hope they enjoy living, working and carrying out our Mission and Vision at NCHC.

Meet Our Psychiatry Residents!

Brittney Harding, MD

Undergraduate: Oakland University, Rochester Minnesota
Medical School: Central Michigan University College of Medicine
Currently lives in Saginaw, MI.
Brittney has a demonstrated commitment to community service and serving the underserved having worked in hospice and Habitat for Humanity and in Honduras and rural Africa. She has completed a sub-internship in child psychiatry and been a project manager in industry. She enjoys music and plays the sax and is a huge Styx fan. She is a self-described huge Pirates of the Caribbean enthusiast and owns every type of memorabilia, ranging from a life-size cutout of Jack Sparrow to a Deadman's Chest boom box. She enjoys bicycling, swimming, and baking various delicacies, including her favorite, chocolate cheesecake. Brittney will be starting at NCHC on November 1, 2019.

Luba Kats, DO

Undergraduate:
University of Wisconsin Madison
Graduate Degree: Case Western in Medical Physiology
Medical School: West Virginia School of Osteopathic Medicine
Currently lives in Madison, WI.
Luba is driven to serve. She has been an autism therapist, done research with NAMI and is an advocate for women's health, serving as secretary for the Medical Students for Choice group. She is a second degree black belt in Taekwondo. She enjoys rally race car driving and has participated in official Sports Car Club of America Stateline Rally Cross Events. She enjoys the outdoors by hiking and camping getting to her destination via motorcycle. Luba will be starting at NCHC on July 1, 2019.

Kirubel Woldemichael, MD

Undergraduate: Virginia Commonwealth University, Richmond, VA
Medical School: Medical College of Wisconsin
He currently lives in Milwaukee, WI.
Kirubel brings a wealth of experience to our program. He is acutely aware of the plight of immigrants having been an immigrant from Ethiopia himself. He has worked to give back with his involvement with the Saturday Free Clinic and the Warrior Project in Milwaukee, Catholic Refugee Resettlement, and with the Ethiopian Union. He also has been a scribe and worked in the Sebastian Family Clinic in Milwaukee. He enjoys cooking, running, volunteering watching history documentaries, as well as reading history. Kirubel will be starting at NCHC on September 3, 2019.

FUN IN FOOD SERVICES Realistic Job Preview Video Wrap Up

This past week, U.S. Workstories wrapped up a video shoot with Communications & Marketing that highlights the work and everyday life of a dietary aide. The crew followed Steffenie Quantaince through her day, from punching in to work with residents to having some fun with her team. The videos are in the editing stage. If you made it to employee updates, you had the opportunity to see the first Realistic Job Preview of a Residential Assistant. Thank you to Steffanie and all the team in Food Services and Lake View Heights! The next video shoot will be in Crisis Services in July!

VOLUNTEER UPDATES

North Central Health Care
Person centered. Outcome focused.

The residents of Mount View Care Center are heading to the Wisconsin Valley Fair and we need your help! We are looking for 15 volunteers on each of the following dates, no need to commit to both days.

- **Wednesday, July 31st ~ 11:00am – 3:00pm**
- **Friday, August 2nd ~ 10:00am – 2:30pm**

You will be assisting residents on their excursion to the fair. Volunteers must be able to push a wheelchair. Volunteers will be given a \$5.00 meal stipend (think cheese curds... mmm). If you are interested in this fun opportunity or would like more information please contact the volunteer office at 715.848.4450. Thank you for your support.

Reminder: The Heartfelt Gift Shop will be closed on the 4th of July holiday AND the evening of July 3rd.

tidbits on benefits

WELLNESS CORNER

By Sherry Gatewood, PA

Sports Physicals

Sports physicals, also called a pre-participation exam (PPE), help determine whether it's safe for a child or adolescent to participate in physical activity. Most schools require a sports physical, and some schools offer it to their students. But even if a PPE isn't required, it is still highly recommended for young athletes to have one completed.

Here are the top reasons why it's important for your child to get a sports physical:

- Maximize safe participation in physical activity
- Identify any life threatening medical conditions such as certain heart conditions
- Identify conditions that may limit participation such as a recent concussion
- Identify conditions that require a treatment plan, such as uncontrolled blood pressure, eating disorders or certain lung conditions
- Identifying and fully rehabilitating old musculoskeletal injuries, as previous injury is the strongest predictor of a future sports injury. Proper rehabilitation can lead to lower injury rates.
- Remove unnecessary restrictions on participation in sports
- Advise children and adolescents which sports would be appropriate for them to participate in
- Allows the doctor time to discuss important issues such as healthy eating habits, avoidance of drugs or alcohol, and the importance of wearing seat belts and helmets

During sports physicals, the physician will address conditions that may restrict athletic participation. These include the following:

- Knee instability
- Femur fracture
- Elbow dislocation
- Irregular heart beat
- Abdominal mass
- Fever: Children and adolescents with fever should be restricted from participation as fever may accompany other infections that may make exercise dangerous. Fever also increases the risk of heat illness.

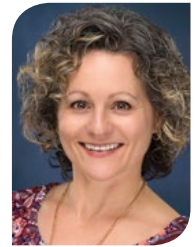

Components of the Sports Physical Exam

- Medical history
- Injury history
- Cardiovascular history
- Vital signs
- General Exam

Getting a PPE once a year before the school year begins is recommended. The sports physical should be completed at least 6 weeks prior to the athletic season to allow enough time to follow up on any health issues that may be identified during the physical. Even if the physical doesn't detect any health problems, you should seek medical attention if new health problems emerge during the sports season. <https://share.upmc.com/2014/05/importance-sports-physicals/>

Many primary care providers will allow a Sports Physical exam with the annual Well Child Exam. Just ask about it when making the appointment.

We are taking appointments for Sports Physicals at the Employee Health and Wellness Center. Call 715-843-1256 to schedule.

PERTUSSIS ALERT

From NCHC Infection Prevention

A letter released by Marathon County Health Department reported a case of Whooping Cough (Pertussis) was diagnosed at John Muir Middle School. Children may have been exposed to Pertussis while at school from 5/6/19 - 6/10/19. Because this illness can be serious for small children and elderly, we want our team to pay special attention to any symptoms that they could be experiencing or see others to have.

Please be advised if you or anyone else you know has the following symptoms:

- Early Symptoms
- Runny Nose
- Occasional Cough

Later Symptoms

- Fits of violent coughs that may be followed by a deep breath that makes a "whoop" sound or vomiting
- Coughing fits that make it difficult to breathe

Pertussis bacteria spreads easily from person to person - traveling in aerosolized droplets of saliva and nasal drippings that are spread by coughing or sneezing. People infected with Pertussis can spread the bacteria for up to three weeks after their cough begins if they are not treated.

If you are symptomatic, please stay home, see a doctor, and report back to your supervisor and call Renee in Employee Health at 715.848.4396 to determine your return to work and follow-up.

If you have any questions please use the materials sent to all staff via email, and if you have any further questions please contact me either by email or my extension (x4523). tholzem@norcen.org

NEW Position Posting

Title: Administrative Assistant II

June 2019

Employee of the Month

**JACKIE KRZNARICH &
KATHRYN MORRISON**

Patient Access, Merrill Center

The NCHC Employees of the Month for June has been awarded to Jackie Krznarich and Kathryn Morrison. They work in partnership with other departments across NCHC. Jackie and Kathryn have been very willing to help with coverage by traveling and also taking on the task of placing reminder calls for the Wausau Patient Access staff. They know their clients when they come in and make sure they are taken care of before they leave. Working as a team is evident with Jackie and Kathryn.

Congratulations Jackie and Kathryn!

*"Thank you for all your help when I was sick and you came to help cover for me. You also helped when we were short staffed due to vacations."
– Antigo Staff*

"I can count on them to always do an excellent job for clients and their coworkers."

Wisconsin Deferred Compensation (WDC) Program Offered By Your Employer, North Central Health Care

Meet with your WDC Advisor

The Wisconsin Deferred Compensation (WDC) Program is a powerful tool to help you reach your retirement goals. Join a WDC Retirement Plan Advisor at an upcoming meeting.

If You're Just Starting to Save ... and need to enroll, go to www.wdc457.org and click **REGISTER** or enroll now **here**. Use the Plan Number **98971-01** and the Plan Enrollment Code **UoNeJ3pb** expiration date 10/1/2019.

If You've Been Saving for a While ... you may want to review your income projections, savings rate and investment strategy. For a portfolio review, meet with your local Retirement Plan Advisor or call **(877) 457-9327**.

If Retirement Is Just Around the Corner ... we are here to assist you in making a smooth transition to retirement. Remember, when you stay informed and engaged, you can make your WDC account a more powerful retirement planning tool. Watch for pre-retirement group meetings near you!

Changing your payroll contribution or updating your beneficiary is easy!

Log in at www.wdc457.org or call the WDC Service Center at **(877) 457-9327**. Do you have questions about Wisconsin Retirement System (pension)? Please call WRS directly at **(877) 533-5020**.

Have an appointment and want a retirement strategy designed just for you? The more information you share with us, the more personalized your experience can be. Please bring the following to your appointment:

- ✓ Current Wisconsin Retirement System (WRS) statement
- ✓ Social Security statement
- ✓ Other retirement account statements
- ✓ Current paycheck stub
- ✓ WDC username, password and PIN (if known)

Please bring all of the above information for your spouse/ partner (if applicable).

If You Need an Appointment ... schedule a consultation with a Retirement Plan Advisor or register for a group meeting by going to www.wdc457.org and click on the **Schedule a Meeting** tile.

WDC Program Meeting Schedule

Date	Time	Topic	Location
Wednesday, July 10 th	11:00am-1:30pm	Account Review Sessions	NCHC Campus-Badger Room
Wednesday, July 31 st	1:00pm-2:00pm		Merrill Office 607 N. Sales St.
	3:00pm-4:00pm		Antigo Office 1225 Langlade Rd

Go to www.wdc457.org to schedule your appointment.

EMPLOYEE LIFE INSURANCE PREMIUM ADJUSTMENT

News from Human Resources

Each year, as of July 1st, our life insurance carrier, Securian, updates the life insurance premiums for employees. If you are enrolled in the life insurance plan, the amount of coverage is based on your annual earnings and the premiums are based on your age. The pay check dated, July 5, 2019, will include a premium increase, only if you have moved into a new age bracket and/or your annual earnings have increased. If your earnings have not increased and you have not moved into a new age bracket, you will not experience a premium change. If you have any questions regarding your life insurance premiums or the amount of coverage please contact, Lynn Wengelski, in Human Resources at ext. 4438.

**The News You Can Use
is a 2-Week Edition this week!**
