**North Central Health Care  
People Domain Action Plan  
October, 2015**

**Dashboard Measure: Annualized Employee Turnover Rate**

**Target: 20-23%**

**Benchmark: 17%**

**Actual: 24.5%**

**Negative Variance: 1.5%**

<b>Action Item/Contributing Factors</b>	<b>Action-What we are doing about it</b>	<b>Target Completion Date</b>	<b>Completion Date-Status Update</b>
<p>Improve employee satisfaction and engagement to reduce annualized turnover to less than 23%.</p> <p>Total YTD termination: 186</p> <ol style="list-style-type: none"> <li>1. 53.8% of terminations are nursing home staff (13.2% of dashboard measure) driven by mandatory overtime and pay issues;</li> <li>2. 14% of turnover is Dietary Services driven by turnover in our PM shift where high school students provide staffing source;</li> <li>3. 32.2% of terminations are in other programs (7.9% of dashboard measure) driven mostly by residential services.</li> </ol>	<ol style="list-style-type: none"> <li>1. Focus has been on nursing home turnover, especially in Certified Nursing Assistant Staff. Turnover peaked in this group when 8% of staff exited. Actively working with CNA group to address concerns and market wage competitiveness.</li> <li>2. All programs have received and reviewed their 2014 Employee Partnership reports. Action plans have been developed for every program.</li> <li>3. HR staff continues to evaluate turnover data weekly to reduce preventable turnover and address retention issues.</li> <li>4. Other issues include opportunities for staff development and education improvements.</li> </ol>	<p>Ongoing – December 31, 2015 for target attainment.</p>	<ol style="list-style-type: none"> <li>1. New schedule has been implemented on October 11<sup>th</sup>. We continue to aggressively fill remaining open slots in the schedule. New policies have reduced the unpredictability of filling scheduling gaps and call-ins have been reduced. Staff morale has improved. Schedule and wages are now a competitive advantage with applicant flow starting to pick up. Multiple ancillary strategies are in place to support staff stabilization efforts.</li> </ol>

Human Service Operations Action Plan  
September, 2015**

**Dashboard Measure: Psychiatric Hospital Readmission Rate**

**Target: 9-11%**

**Benchmark: 16.1%**

**Actual: 12% (11.1%)**

**Negative Variance: 1% (.1%)**

<b>Action Item/Contributing Factors</b>	<b>Action/What we are doing about it</b>	<b>Target Completion Date</b>	<b>Completion Date/Status Update</b>
Identify factors leading to initial hospital admission of Community Treatment consumers and develop actions to address these factors to prevent readmission.	1. Community Treatment, BHS and Crisis CBRF staff meet on a monthly basis to review all hospitalizations and develop strategies to prevent future hospitalization.	Ongoing – 2 <sup>nd</sup> Wednesday of each month.	Continues ongoing: BHS and Community Treatment teams meeting monthly to review all previous months' admission and develop individualized plans to prevent readmission.
Psychiatric hospital readmission rate composed of mental health readmission rate (7.5% YTD) and AODA readmission rate (23.5% YTD). MH component meeting target. AODA readmission rate due in part to limited availability of treatment options appropriate to patient needs (e.g. needs at a level higher than outpatient or day treatment). Of note, both are well below benchmarks (16.1% psych readmission rate and 40-60% AODA relapse rate).	1. Work with Community Treatment will continue to maintain or further lower the MH readmission rate.  The AODA readmission rate is being addressed through two actions: 1. Opening of Medically Monitored Treatment to provide 21 days of intense treatment in a safe, sober setting conducive to Recovery. This level of treatment will meet the needs of those patients identified as needs above outpatient or day treatment). 2. Increased motivational work during assessment and service linkage phase for those individuals who qualify for other levels of treatment service.	Ongoing 1. MMT opened at the end of July 2015. Will be gathering data on an ongoing basis. 2. Motivational component added to inpatient detox August 2015	Readmission rate = 3.8% in September bringing overall rate down to 11.1%

**North Central Health Care  
Human Service Operations Action Plan  
September, 2015**

**Dashboard Measure: AODA Relapse Rate**

**Target: 18-21%**

**Benchmark: 40-60%**

**Actual: 23.2% (21.3%)**

**Negative Variance: 2.2% (.3%)**

<b>Action Item/Contributing Factors</b>	<b>Action/What we are doing about it</b>	<b>Target Completion Date</b>	<b>Completion Date/Status Update</b>
<p>AODA Relapse rate captured in Psych hospital readmission rate above. This is the same population reported out separately.</p>	<p>The AODA Relapse rate is being addressed through two actions:</p> <ol style="list-style-type: none"> <li>1. Opening of Medically Monitored Treatment to provide 21 days of intense treatment in a safe, sober setting conducive to Recovery. This level of treatment will meet the needs of those patients identified as needs above outpatient or day treatment).</li> <li>2. Increased motivational work during assessment and service linkage phase for those individuals who qualify for other levels of treatment service.</li> </ol>	<p>Ongoing</p> <ol style="list-style-type: none"> <li>1. MMT opened at the end of July 2015. Will be gathering data on an ongoing basis.</li> <li>2. Motivational component added to inpatient detox August 2015</li> </ol>	<p>AODA Relapse rate was 3.8% in September, bringing overall rate down to 21.3%</p>

<p>Community Treatment access: Referral Process is lengthy and requires many steps to determine eligibility and admit.</p>	<ol style="list-style-type: none"> <li>1. Referral Process Improvement team reviewed and improved entire process. Are now in the "Check" phase and will be implementing additional actions, revise and improve initial strategies and adopt successful strategies into permanent practice.</li> </ol>	<p>Next meeting 10/8/15. Referral process to be evaluated for effectiveness and written into policy and procedure by 12/31/15.</p>	<p>Partially complete – Referral PI team began "check" phase on 10/8 and will meet again 10/29 to continue evaluation.</p>
<p>Outpatient Services access: 5 vacant fulltime therapist/counselor positions</p>	<ol style="list-style-type: none"> <li>1. Recruiting for 5 full-time therapists/counselors</li> <li>2. Evaluating potential to hire a therapist in-training needing 3,000 supervised hours to obtain licensure.</li> <li>3. Improve provider availability for client care: review all providers' availability per FTE.</li> <li>4. Utilize therapist(s) from the Merrill/Tomahawk locations to help cover vacant positions.</li> <li>5. Increase group therapy as a treatment modality-a process improvement team was developed to help educate the importance of group therapy, hoping to improve provider referrals.</li> </ol>	<p>In collaboration with Human Resources.</p> <p>In collaboration with Human Resources.</p> <p>Completed &amp; reviewed on-going.</p> <p>On-going as needed. Currently being used for OWI assessments.</p> <p>Completed &amp; reviewed on-going.</p>	<ol style="list-style-type: none"> <li>1) Interviews scheduled for Merrill Center Therapist positions.</li> <li>2) Initial discussions to utilize new psychologist to provide needed supervision hours.</li> <li>3) Completed &amp; reviewed on-going.</li> <li>4) On-going as needed and available pending Merrill/Tomahawk caseloads and referrals.</li> <li>5) Completed &amp; reviewed on-going.</li> </ol>

**North Central Health Care  
Human Service Operations Action Plan  
September, 2015**

	<p>6. Frequently audit providers' schedules: At the Wausau Campus, the referral coordinator will audit providers' schedules at that location to ensure all initial assessments and hospital discharge pre-blocks are entered into the providers' schedules correctly, also if a therapy pre-blocked slot is unfilled two business days prior to the scheduled time, the referral coordinator will turn the unfilled therapy slot into an initial assessment slot (not exceeding two assessments per day)</p>	<p>Completed &amp; reviewed on-going.</p>	<p>6) Completed &amp; reviewed on-going.</p>
	<p>7. Developed defined guidelines for referral coordinators on enrolling new clients with a substance abuse counselor or a dual certified AODA/MH therapist.</p>	<p>Completed &amp; reviewed on-going.</p>	<p>7) Completed &amp; reviewed on-going.</p>
	<p>8. Implement 48 hours (business) fill open therapy appointment slots with initial appointments.</p>	<p>Completed &amp; reviewed on-going.</p>	<p>8) Completed &amp; reviewed on-going.</p>
	<p>9. Implement 6 business days fill open hospital discharge appointment slots with therapy/initial</p>	<p>Completed &amp; reviewed on-going.</p>	<p>9) Completed &amp; reviewed on-going.</p>

**North Central Health Care  
Human Service Operations Action Plan  
September, 2015**

<p>Community Corner Clubhouse Access:</p>	<p>1. Community Corner Clubhouse is hosting a series of Focus Group sessions. In these sessions we are asking community stakeholders:</p> <ul style="list-style-type: none"> <li>• How does Community Corner Clubhouse mission, vision and services align with Marathon County resident's needs?</li> <li>• What barriers exist for access to Community Corner Clubhouse?</li> <li>• What items should be addressed and or included in Community Corner Clubhouse referral process?</li> </ul>	<p>By Mid-November We will compile all stakeholder feedback and develop action goals from top three recommendations.</p>	
<p>Aquatic Services Access:</p>	<p>1. Evaluated all rules and regulations for physical therapist and physical therapy assistants. It was determined that another physical therapist was needed. We are recruiting for one .6 - .75 therapist.</p>	<p>By November 1, 2015 in collaboration with Human Resources.</p>	
<p>Residential Services Access: Due to the recent closings of several residential sites located in the Wausau area, there is a high demand for residential care services for the developmental disabilities population.</p>	<p>1. Exploring the potential to relocate a current CBRF site (6 beds) to a site that is able to serve 8 individuals. Marathon County Health &amp; Human Services will be discussing this at the September meeting. If this strategy is supported by Marathon County, transition work will ensue.</p>	<p>October, 2015</p>	<p>Expansion/move of the Bellewood 6 bed CBRF was approved at the Marathon County Health and Human Services committee. Quotes have been obtained for CBRF required renovations for sprinkler and fire alarm systems.</p>

**North Central Health Care  
Human Service Operations Action Plan  
September, 2015**

	<p>2. Ongoing review and transition of clients to increasingly independent living arrangements when appropriate as evidenced by functional ability.</p>	<p>ongoing</p>	<p>Other small renovations to be completed by the builder are in progress and close to completion.</p> <p>Licensing applications are being completed to submit now that required blue prints have been obtained. Holding on license approval.</p> <p>Supportive apartments have been filled to capacity at current sites with recent resident moves to absorb high medical residents in the CBRF due to the recent home closing.</p> <p>To expand capacity by one bed within the forest Street location, the staff office is moving from a double bedroom apartment to a single bedroom apartment. This bed is already filled with an individual from the wait list. Three apartment moves were required to allow this and moves are taking place starting 10-22-2015 and will be completed by 11-5-2015. Forest Street will be at full capacity with the additional bed.</p>
