Call to Order

- Meeting was called to order at 5:00 p.m.

Public Comment for Matters Appearing on the Agenda

- No public comment(s) made.

ACTION: Approval of November 19, 2020 Executive Committee Meeting Minutes

- **Motion**/second, Stowe/Bergstrom, to approve the November 19, 2020 Executive Committee meeting minutes. Motion carried.

Review Organizational Dashboard and Workplan

- November Dashboard.
  - Primary impact on dashboard measures across the board relates to Covid. Out of county placements have dropped on average 50 days per month throughout the course of the year. Have seen fewer admissions on diversions but longer stays; still a positive story and we continue to move in the right direction. Once the new hospital is done, target is expected to be under 100 days per month. Objective is to eliminate out-of-county diversions except for people physically violent or special geriatric needs that we are unable to care for.
  - The increase in the length of stay should go back to normal post-COVID-19. Current length of stay is longer because individuals are sicker, and volumes are lower.
  - We do not see the need to have contracts outside our three counties if we can meet our goal of having a full census and eliminating diversions outside of the exceptions noted above.
- Board-RCA-CEO Workplan
  - 12 remaining items; 6 will be closed at the Board meeting this week.
  - Of the 6 remaining, 5 will be carried over due to Covid delays, the Diversity item will be given back to an employee group for next year.

## CEO Report

- Homelessness Pilot
  - Partnership with the Wausau Police Department (WPD); struggling with reducing downtown homelessness. NCHC secured the lease with the property owner, obtained grants in partnership with WPD to pay for the lease cost, and reassigned one of our case managers to partner with a WPD liaison (basically a CART model). WPD is providing the day-to-day leadership.
  - Goal is to take those homeless individuals who have severe and persistent mental illness who are already part of community treatment and try to focus on stable housing and then hopefully into treatment. There are several early success stories already. Will benefit a population we're already serving in a greater way with relatively low to no cost.
- Northern Valley Industries, Inc. Due Diligent Report
  - Report should be finalized for the Board can make a determination in January.
- Skilled Nursing Market Study and Strategic Plan
  - Framing scope on nursing home market study and strategic plan. Portage County remains interested in working with us. We're also doing a market study in Lincoln County to determine the size and scope of the building. Census in our nursing homes are very low and perception of nursing homes currently is to avoid them as much as possible.
  - In Marathon County we have a lot of flexibility and ability to adjust the scope of the renovation project and have time to adjust. Proposal may include downsizing the 2<sup>nd</sup> floor of MVCC by 50% and expand the rest of the building for mental health services depending on CLA's updated analysis. Design work will be done in 2<sup>nd</sup> quarter so there is time before letting bids later in 2021.
  - CLA will be updating their report and will review with counties.
- Discussion requested regarding application/modification of programs under the Tri-County Agreement for the Homelessness Pilot and Northern Valley Industries.
  - Homelessness Pilot is a focused effort of programming that we already do through community treatment and supportive housing. Committee agreed the Homelessness Pilot did not need a formal modification application approved according to the Tri-County Agreement.
  - Once the North Valley Industries due diligence report is final, and if determined it would fit well with NCHC, a formal application will be submitted.
  - M. Loy will provide an update on these items for the Board.

## Discuss 2021 Workplan, Objectives and Key Results

- An overview was provided of what has been included in the workplan in the past and the recommendations for 2021:
  - Four Objectives and Key Results (OKR) incumbent of the 5 to 50 Vision
    1. Improve the quality and reliability of our services
    2. Expand mental health and recovery continuing of care
    3. Bring new capital assets online
    4. Manage declining and long-term care operations

- A presentation for the Board will include 3-5 measurable key results and quarterly key results for Executive and Senior Management teams.
- Goal for 2021 Workplan:
  1. On a quarterly basis, would like to travel with key department heads in the organization to each county and do education, invite courts, law enforcement, social services and meet with stake holders on what we're working on and what their needs are and will work with N. Bergstrom, L. Leonhard, and R. Stowe to coordinate.

ACTION: Approval of the 2021 Dashboards and Performance Expectations

- Overview of dashboards provided; requested feedback on organizational and program dashboards.
- E. Anderson joined meeting at 5:43 p.m.
- **Motion**/second, Stowe/Leonhard, to approve the 2021 Dashboards and Performance Expectations as presented. Motion carried.

ACTION: Approval of the Variable Pay Program

- This program would try to create shared fate within the senior management team to help the team to align to the overall success of the organization as determined by the Board. Program is completely overseen by the Board and is common in many organizations at this level of management. There would be no payment unless there is financial gain and targets have all been met; payout would not be budgeted as this would depend on the amount of financial gain. Discussion on the mechanics and applicability of the program were discussed.
- **Motion**/second, Leonhard/Stowe, to postpone consideration of agenda items 8, 9, and 10, to the January meeting of the Executive Committee meeting, to allow for a complete review of senior management compensation plans, policies, and practices, by two members of the NCCSP Board that would be selected by this body (i.e., the Executive Committee of the NCCSP Board). Motion carried.
  - It was determined that representatives from Marathon County lead this review and share information with their county partners. Leonhard and Gibbs to meet with M. Loy to obtain the information needed to analyze and bring back to the Executive Committee for review in January.

Future Agenda Items for Executive Committee or Board Consideration

- A. Understanding access and availability of outpatient services in three different communities

Adjourn

- A. **Motion**/second, Stowe/Leonhard, to adjourn at. Motion carried. Meeting adjourned at 6:30 p.m.

Call to Order

- Meeting was called to order at 8:03 a.m. by Eric Anderson, Chair-Elect.

Public Comments for Matters Appearing on the Agenda

- No public comment(s) made.

Update from Marathon County Representatives Relative to Initial Review of Compensation and Personnel Policies and Practices, Including Next Steps

- An evaluation of NCHC compensation and personnel policies and practices continues. Documents have been provided by NCHC and are being assessed. An updated was provided on the review to date. Ongoing updates and potential action will be brought back to the Committee.
- The Committee discussed practices as it relates to the current Joint County Agreement and identifying the policies that would be within the authority of the Executive Committee versus the full NCCSP Board.

ACTION: Executive Committee Recommendation to NCCSP Board for Election of New Chair to Fill Vacancy

- **Motion**/second, Stowe/Leonhard, to recommend to the NCCSP Board that Kurt Gibbs be appointed as the Board Chair to fill the current vacancy following the resignation of Jeff Zriny. Following discussion motion carried.

Adjourn

- **Motion**/second, Stowe/Bergstrom, to adjourn the meeting at 8:43 a.m. Motion carried.

## MEMORANDUM

DATE: January 18, 2021  
TO: Executive Committee of the North Central Community Services Program Board  
FROM: Michael Loy, Chief Executive Officer  
RE: CEO Report

---

The following items are general updates and communications to support the Board on key activities and/or updates since our last meeting.

### COVID-19 Response

As of 1/15/2021 we have 19 staff out of which 12 are confirmed positive and 3 pending testing. Our vaccination program continues to function effectively with 433 employees (46%), 117 MVCC residents (93%), and 66 Pine Crest residents (72%) vaccinated with their 1<sup>st</sup> dose. Clinics continue for 1<sup>st</sup> dose opportunity through February 10<sup>th</sup> with the initial vaccination programs set to be completed by end of March.

### NCCSP Board Appointments

Marathon County has appointed Chief Deputy Chad Billeb and former Deputy County Administrator Deb Hager to the NCCSP Board. Cate Wylie, the new Human Resources Director and Administrative Coordinator for Lincoln County replaces Nancy Bergstrom on the NCCSP Board and Executive Committee. New Board member orientations are being scheduled. Appointments are now needed to fill open Governance Committee positions and Marathon County representatives on the Nursing Home Operations Committee.

### Campus Renovations

The new 16-bed Adult Crisis Stabilization Unit is ready for occupancy but continues to be held up based on receiving the program certification approval from the State. This delay impacts the opening of the 8-bed Youth Crisis Stabilization Unit. The new Skilled Nursing Tower is moving along according to schedule with a projected completion date at the end of July. Plans for the "D" wing renovations have been approved with demolition set to begin in March. This phase of the project will take approximately 9 months and will include the adult inpatient hospital, crisis and emergency services, detox, and residential treatment programs.

### Sober Living Project

Construction on the new facility in Antigo continues to progress with a targeted date to open in March.

### Cerner Implementation

The project go-live date is being pushed back a couple months to allow for the implementation of the Pharmacy module. The previous implementation plan had this coming as a 2<sup>nd</sup> phase, until it became clear that not implementing this module along with the initial phase would have a significant risk to quality of care. An updated go-live date will be provided soon.

### Recruitments

Dr. Dileep Borra has been accepted into a Forensic Fellowship in New York. His wife Claire is also a Psychologist for North Central Health Care. They will be relocating in July. We continue to recruit for Outpatient Psychiatrists. We have onboarded our new Director of Accounting and are making final plans for the onboarding of our three new Inpatient Psychiatrists in the 2<sup>nd</sup> quarter of this year.

### Portage County Health Care Center

In conjunction with CLA, NCHC is working with Portage County to explore how a similar partnership as Pine Crest could work between the Portage County Health Care Center and NCHC. Their committee meets on January 20<sup>th</sup> to provide direction on the project.

### Northern Valley Industries, Inc.

Northern Valley Industries (NVI) has decided that they are going to proceed with strategic planning that does not include a partnership with NCHC. They may reach out in the future to reopen discussions.

### Psychiatric Emergency Department

In February, NCHC will be hosting Dr. Tony Thrasher to review our initial planning for our Psychiatric Emergency Department. Dr. Thrasher is the Clinical Director for Milwaukee County's Psychiatric Emergency Department.

## MEMORANDUM

DATE: January 18, 2021  
TO: Executive Committee of the North Central Community Services Program Board  
FROM: Michael Loy, Chief Executive Officer  
RE: Discussion and Potential Action on Policy for Accepting Out of County Hospital Admissions

---

### Background

North Central Health Care's Adult Inpatient Hospital has maintained a policy that it will not admit out of county admissions (counties outside of Langlade, Lincoln, and Marathon County) unless the Inpatient Hospital's census is at 9 or less. Outside of our obligation to admit an out of county resident for the first 72 hours if they are detained in one of our counties, it has been a great length of time since we have contracted and admitted patients from other counties.

The Youth Inpatient Hospital opened in October of 2020 with a phased approach to building census. As of the beginning of 2021, there is no cap being placed on admissions and the unit is open to a full capacity of 8 admissions.

The following analysis and recommendation are being provided to the Executive Committee to obtain clear policy direction on out of county admissions for both Inpatient Hospitals.

### Analysis

It is not recommended that NCHC change our policy for out of county admissions to the Adult Inpatient Hospital at this time. However, it should be reconsidered after the hospital is renovated.

There currently is no policy for the Youth Inpatient Hospital for out of county admissions. Since opening, the daily census has averaged 3.0 in October, 2.87 in November, and 3.10 in December. Thus far, in January we are averaging a daily census of 3.36 with three total days at a capacity of 6. In the three months since opening, we have not yet had a change in census of more than two in a single day. The 2021 budget for the Youth Hospital requires an average census of 6 to accommodate the expenses of operating the unit. There are very little variable costs with an 8-bed unit.

In February, we are slated to open the Youth Crisis Stabilization Unit (YCSU) which will serve as an alternative to, or as a step-down from, hospitalization. This program will serve as a resource to help manage the Youth Inpatient Hospital census. This grant funded program will have a capacity of 8-beds and is a partnership with the Human Services Center which provides community services programs for Forest, Oneida, and Vilas County. The YCSU will also need to maintain a census of 6 to ensure financial stability. To obtain these targets, it would be prudent to contract for excess capacity by accepting out of county admissions.

## **Recommendation**

The policy for the Youth Inpatient Hospital should allow for out of county admissions when the census is at or below 6. This would reserve 25% capacity, or 2 additional admissions for our partner counties. It is recommended that NCHC initially contract with the Human Services Center due to the alignment opportunity with the YCSU population that will be using that new program. Also, it is recommended that Portage County be an initial partner due to the proximity and maturity of resources to ensure admission and discharge processes are well-defined and supported. Additional contracts could be considered if there continues to be capacity within the census. Not maintaining an average census of 6 in both programs long-term would lead to mounting operational losses. Contracts with other Counties appropriately manage the risk inherent in these admissions and would be a good source of additional revenue.
